Simply take your reusable bottle into any TapIt partner café and fill it up with clean, safe tap water for free! For partner locations visit tapitwater.com/hrva.

GOOD to KNOW

BE WATER-WISE AT HOME AND IN YOUR YARD

MAKE A PLAN

Group plants with similar watering needs together. Excess irrigation wastes valuable water and promotes disease and weed infestation.

PLANT MORE PLANTS

Choose plants native to our area. They require less water and fertilizer and have fewer pest problems than exotic or non-native plants.

MULCH, MULCH & MULCH

Reduce areas of thirsty turf grass by adding more mulched beds. Mulch not only helps plants retain moisture, but helps minimize weeds and keeps plants cool!

WATER WISELY

Water at the right time of day. Watering when the sun is low, winds are calm and temperatures are cooler minimizes evaporation by as much as 30 percent.
