5. Describe how the pet waste station will be used in your neighborhood. Please address, at a minimum, the following questions: Where will the unit be installed? What is the primary use of the area and how heavily is it used? Do you currently have a problem with pet waste in that area? Is the area adjacent to a waterway? If possible, please attach a copy of a neighborhood map that indicates where stations will be placed.

6. Please detail your plan for maintaining the station. (Include who will be responsible for monitoring the station and emptying the garbage can, changing the liner, refilling the station with bags, etc.?, How will refill bags be purchased? How often will station be checked?)

7. How will your neighborhood advertise the purpose and use of the pet waste station?

Pet Waste Station Grant Application

Pet Waste Station Agreement

By signing below we acknowledge that our neighborhood organization (HOA, civic league, etc.) or business (property management company, rental property company, etc.) is committed to completing the routine maintenance items listed below. We also acknowledge that failure to perform such maintenance will be grounds for removing the pet waste station. The City/County may remove the station at any time due to lack of use and/or failure to maintain the station.

By signing below the applicants agree to the following:

- Once the pet waste station is distributed to the neighborhood, it must be installed within 45 days.
- Applicants will use some method to advertise the installation, purpose and use of the pet waste station to residents of the neighborhood.
- Once installed, the pet waste station will be monitored regularly for the following items:
 - Garbage can is emptied when full
 - Pet waste bags are stocked and available for use.
 - Garbage can liners are stocked and available for use.
- Pet waste bag replacements will be ordered in a timely manner
- Garbage can liners will be ordered in a timely manner.
- The City/County does not accept liability for injury resulting from the use of this station or improper installation of the station. Stations shall be used at the residents' own risk.

Application must be signed by two people (If neighborhood is a HOA, one applicant must be an association board member).
